PUBLICATION SCHEME

The purpose of the scheme is to make a significant amount of information available routinely, without the need for a specific request.

The information contained in each class will be made available in a variety of formats, namely hard copy (paper) on request from the Clerk of the Council, by inspection at District Council Offices, by inspection at suitable premises by prior appointment with the Clerk to the Council and some information will be available on the Parish Councils website

In certain cases a limitation on the age of some documents has been stipulated. For the avoidance of doubt this does not mean information beyond that date cannot be obtained, it simply indicates that it is not available as a matter of course within this scheme.

Reasonable charges of no more than 10 p per A4 sheet may be raised for the provision of hard copies of the information/documents listed in each of the classes. Each item of information/document listed below also includes details (*in italics*) of the format in which it will be made available.

The Classes of Information are as follows:
