Source: Intelligent Data Collection Ltd for Cheshire West CC, ID-0426-0106, issued 29 September 2026. Overall figures use the report summary means. Time-period figures average the reported hourly summary means. Speeds rounded to 0.1 mph. Total counts cover both directions. Daily averages use the report all-days average flows, rounded to whole vehicles. Period counts sum hourly average flows. Vehicles may be counted more than once. Reports exclude speeds below 5 mph and unclassified vehicles.
